Last Updated: 2026-06-16

This document contains licensing information relating to the use of third-party software with or within the Stimulsoft software (Stimulsoft is a trademark of CloudReports sp. z o.o.). Any terms, conditions, or restrictions on third-party software included within the Stimulsoft software that are not included within the original third-party software licenses are offered and imposed by Stimulsoft alone. The authors, licensors, and distributors of the third-party software disclaim all express or implied conditions, representations, and warranties relating to the third-party software and any liability arising from use and distribution of the third-party software.

Stimulsoft.Controls.Win

Stimulsoft software uses third party WinForms controls from the DevComponents company. We do not provide source code for these GUI controls. You can include and redistribute this software with our programs free, but you cannot use these GUI controls directly from your software.

Microsoft Public License (Ms-PL)

Copyright (c) 2007 James Newton-King

This license governs use of the accompanying software. If you use the software, you accept this license. If you do not accept the license, do not use the software.

1. Definitions

The terms "reproduce," "reproduction," "derivative works," and "distribution" have the same meaning here as under U.S. copyright law.

A "contribution" is the original software, or any additions or changes to the software.

A "contributor" is any person that distributes its contribution under this license.

"Licensed patents" are a contributor's patent claims that read directly on its contribution.

2. Grant of Rights

(A) Copyright Grant- Subject to the terms of this license, including the license conditions and limitations in section 3, each contributor grants you a non-exclusive, worldwide, royalty-free copyright license to reproduce its contribution, prepare derivative works of its contribution, and distribute its contribution or any derivative works that you create.

(B) Patent Grant- Subject to the terms of this license, including the license conditions and limitations in section 3, each contributor grants you a non-exclusive, worldwide, royalty-free license under its licensed patents to make, have made, use, sell, offer for sale, import, and/or otherwise dispose of its contribution in the software or derivative works of the contribution in the software.

3. Conditions and Limitations

(A) No Trademark License- This license does not grant you rights to use any contributors' name, logo, or trademarks.

(B) If you bring a patent claim against any contributor over patents that you claim are infringed by the software, your patent license from such contributor to the software ends automatically.

(C) If you distribute any portion of the software, you must retain all copyright, patent, trademark, and attribution notices that are present in the software.

(D) If you distribute any portion of the software in source code form, you may do so only under this license by including a complete copy of this license with your distribution. If you distribute any portion of the software in compiled or object code form, you may only do so under a license that complies with this license.

(E) The software is licensed "as-is." You bear the risk of using it. The contributors give no express warranties, guarantees or conditions. You may have additional consumer rights under your local laws which this license cannot change. To the extent permitted under your local laws, the contributors exclude the implied warranties of merchantability, fitness for a particular purpose and non-infringement.

SixLabors ImageSharp, ImageSharp.Drawing, and Fonts

The Stimulsoft software bundles three components from Six Labors: ImageSharp (a managed cross-platform 2D graphics library), ImageSharp.Drawing (2D drawing extensions for ImageSharp), and Fonts (font loading and layout, used by ImageSharp.Drawing for text rendering).

<https://github.com/SixLabors/ImageSharp>

<https://github.com/SixLabors/ImageSharp.Drawing>

<https://github.com/SixLabors/Fonts>

License

These components are distributed by Stimulsoft under an ImageSharp Six Labors license that includes redistribution rights. The ImageSharp license covers end-user use of the bundled SixLabors components as part of the Stimulsoft software. End users do not need a separate Six Labors license, provided the components are used only as embedded within Stimulsoft and are not extracted from the Stimulsoft distribution for independent use outside of it.

For the terms of the Six Labors License, see
